

Georgios Palkanoglou

University of Guelph
50 Stone Rd E
Guelph, ON N1G 2W1 CA
Office: MacN 406
Phone: 519-767-8901

Email: gpalkano@uoguelph.ca

WEBSITE: <https://www.physics.uoguelph.ca/people/georgios-palkanoglou>

Born: December 17, 1995—Athens, Greece
Nationality: Greek

Current position

PhD Candidate, University of Guelph, Guelph

Education

2019-	Ph.D. in Physics, University of Guelph
2018-2019	M.Sc. in Physics, University of Guelph — 96.5/100 GPA Thesis: <i>Approaching the Thermodynamic Limit in BCS Theory</i>
2013-2017	B.Sc. (HONOURS) in Physics; National and Kapodistrian University of Athens — GPA 8.68/10 (Top 6%)

Awards & Honours

2019	UOG International Doctoral Training Scholarship - Ph.D.'s
------	---

Teaching experience

2020	Graduate Teaching Assistant in Quantum Field Theory, Department of Physics, University of Guelph
2019-	Private Tutor in Undergraduate Physics
2018-	Graduate Teaching Assistant in Applied Physics, Department of Physics, University of Guelph
2013-2017	Private Tutor in Physics, Math and Geometry

Publications

JOURNAL ARTICLES

2020	G. Palkanoglou, F. K. Diakonov, and A. Gezerlis, "From odd-even staggering to the pairing gap in neutron matter", arXiv:2005.05985 (<i>submitted to Phys. Rev. C</i>)
------	--

PROCEEDINGS

- 2019 G. Palkanoglou, N. Ismail, M. Buraczynski, and A. Gezerlis, “Effective mass and pairing gap in neutron matter”, contribution to the proceedings of the International Nuclear Physics Conference 2019 (*submitted to JPCS*)

Talks

- 2020 C.A.P Congress, McMaster University, Hamilton, ON
2020 57th Winter Nuclear and Particle Physics Conference, Banff, AB

Conferences & Summer schools attended

- 2020 C.A.P Congress, McMaster University, Hamilton, ON
2020 57th Winter Nuclear and Particle Physics Conference, Banff, AB
2017 The 2017 Onassis Foundation Lectures in Physics: “Quantum physics frontiers explored with cold atoms, molecules and photons”, Heraklio, Greece
2017 The 2017 Petnica Summer Institute summer school on Cosmology, Petnica, Serbia
2016 The 3rd Xmas Theoretical Physics Workshop, Athens, Greece

Computing skills

LANGUAGES

Fortran, Python, Bash, MATLAB, Mathematica, C++, HTML

SOFTWARE

L^AT_EX, PLUTO, Logger Pro

Outreach & Service

- 2019 Volunteer for STEM Week 2019 organized by the University of Guelph, Guelph Civic Museum
2018 Volunteer for STEM Week 2018 organized by the University of Guelph, Guelph Civic Museum
2014- Member of the Hellenic (Greek) Mathematical Society

Languages

Greek (native), English (fluent), German
