Current position

Postdoctoral Researcher, TRIUMF Canada's Particle Accelerator Centre, Vancouver, Canada

Education

- 2019-2023 PH.D. in Physics, University of Guelph
Dissertation: *Pairing in Nuclear and Cold Atomic Systems*
- 2018-2019 M.Sc. in Physics, University of Guelph
Thesis: *Approaching the Thermodynamic Limit in BCS Theory*
- 2013-2017 B.Sc. (HONOURS) in Physics; National and Kapodistrian University of Athens

Awards & Honours

- 2025-2026 Catalonia Quantum Academy Visiting Scholar Award
- 2025 Canadian Institute for Nuclear Physics support for workshop organization
- 2020 Constantine and Patricia Mavroyannis Scholarship
- 2019-2020 Dean's Graduate scholarship (University of Guelph)
- 2019 International Doctoral Training Scholarship - Ph.D.'s (University of Guelph)

Conference organizing

- 2027 Lead organizer of the ECT* workshop "*Bridging Effective Field Theory Across Subatomic Scales*"
- 2025 Lead organizer of the ESNT workshop **(with CINP support)** "*Ab initio many-body calculations: where has the pairing gone?*"
- 2025 Lead organizer of the TRIUMF workshop "*SMEFT meets ChEFT*"
- 2025 Co-organizer of the TRIUMF workshop "*PAINT'26: Progress in Ab Initio Nuclear Theory*"

Spokesperson of Collaboration

- 2025 S1936 at TRIUMF: *Beam Development of Light Lanthanides for Nuclear Structure Investigations Approaching $N = Z$*

Teaching experience

2026	Instructor for “ <i>Introduction to modern ab initio nuclear theory: a crash course</i> ”, University of Barcelona, Barcelona, Spain
2023	Graduate Teaching Assistant in Physics of Music, Department of Physics, University of Guelph
2021	Graduate Teaching Assistant in Quantum Mechanics, Department of Physics, University of Guelph
2020	Graduate Teaching Assistant in (graduate) Quantum Field Theory, Department of Physics, University of Guelph
2019-2023	Private Tutor in Undergraduate Physics
2018-2023	Graduate Teaching Assistant in Applied Physics, Department of Physics, University of Guelph
2013-2017	Private Tutor in Physics, Maths, and Geometry

Student co-Supervision

2024-2025	Christos Tsekouras, Undergraduate thesis, National and Kapodistrian University of Athens
2021-2022	Michael Stuck, Undergraduate Co-op student, University of Guelph
2022	Kareena Bhalla, Undergraduate Co-op student, University of Guelph

Invited Talks & Seminars

2026 *Beyond the conventional nuclear superfluidity: triplet and mixed-spin superfluids across nucleonic systems, pairing at the drip-line, and more*
 University of Barcelona, Barcelona, Spain

2026 *Revisiting superfluidity and shell-effects at the crossroads: experiments, mean-field, and ab initio descriptions*
 UPC Universitat Politècnica de Catalunya, Barcelona, Spain

2026 *Nuclear superfluidity and clustering, many-nucleon forces, and ML methods for ab initio nuclear theory*
 Job Interview (virtual), ECT*, Trento, Italy

2026 *Unconventional nuclear superfluidity: from the proton to the neutron drip-line, and beyond*
 Job Interview (virtual), University of Jyväskylä, Jyväskylä, Italy

2026 (Co-organized) *Beyond the leading three-nucleon force in light nuclei*
 PAINT26, Vancouver, BC, Canada

2025 (Organized) *Pinning the subleading three-nucleon contact interaction to light nuclei*
 SMEFT meets ChEFT workshop, TRIUMF, Vancouver, BC, Canada

2025 (Organized) *Ab initio calculations of singlet and triplet pairing gaps in nucleonic matter*
 Introductory lecture at Ab initio many-body calculations: “where has the pairing gone?”, ESNT CEA, Saclay, Paris, France

- 2025 *How to describe isoscalar pairing in heavy deformed nuclei and measure its effects*
ACOT meeting, TRIUMF, Vancouver, BC, Canada
- 2025 *Putting the subleading three nucleon force to use*
PAINT₂₅, TRIUMF, Vancouver, BC, Canada
- 2025 *S1936 Progress Report: Beam Development of Light Lanthanides for Nuclear Structure Investigations Approaching $N = Z$*
NP-EEC, TRIUMF, Vancouver, BC, Canada
- 2024 *Exotic pairing phases in nuclei and neutron matter*
T-2 Seminar, LANL, Los Alamos, NM, USA
- 2024 *Exotic nuclear superfluidity in heavy nuclei*
3rd APCTP-TRIUMF joint workshop, PKNU, Busan, South Korea
- 2024 *Nuclear superfluidity in nuclei and neutron matter*
National and Kapodistrian University of Athens, Athens, Greece
- 2024 *(Pathways to) Exotic pairing in heavy nuclei*
PAINT₂₄ - Workshop on Progress In Ab Initio Nuclear Theory, TRIUMF, Vancouver, BC, Canada
- 2023 *Novel pairing and testing EFT interactions in neutron matter and nuclei*
Michigan State University
- 2023 *Mixed-spin pairing in nuclear and cold atomic systems*
(Virtual) Warsaw University of Technology
(Job Interview)
- 2023 *Mixed-spin pairing in nuclear and cold atomic systems*
(Virtual) TRIUMF Theory Group
(Job Interview)
- 2023 *Representing sound: Acoustics & Phonetics*
One lecture in Phonetics
School of Languages and Literature, University of Guelph, Guelph, ON, Canada

Contributed talks

- 2026 *Superfluid effects in deformed heavy nuclei close to the drip-lines*
Nuclear Theory in Spain I, Universidad Complutense de Madrid, Madrid, Spain
- 2024 *Exotic nuclear superfluidity in heavy nuclei*
2024 CeNAM Frontiers, University of Notre Dame, South Bend, IN, USA
- 2024 *Exotic nuclear superfluidity in heavy nuclei*
Theory Canada 16, Western University, London, ON, Canada

- 2024 *Exotic nuclear superfluidity in heavy nuclei*
CAP Congress 2024, Western University, London, ON, Canada
- 2023 *Singlet and triplet pairing in nuclear and cold atomic systems*
2023 Canadian Association of Physicists Congress
University of New Brunswick, Fredericton, NB, Canada
- 2023 *Singlet and triplet pairing in nuclear and cold atomic systems*
60th Winter Nuclear and Particle Physics Conference
Banff, AB, Canada
- 2023 *Mixed-spin pairing in nuclear and cold atomic systems*
Toronto Ultracold Atom Network (TUCAN) meeting
University of Toronto, Toronto, ON, Canada
- 2022 *The S-wave pairing gap in neutron matter*
2022 Canadian Association of Physicists Congress
*Marked as the 3rd best presentation in the Division of Theoretical Physics (DTP)
- 2021 *Superfluid neutrons: from particles to matter*
2021 Canadian Association of Physicists (Virtual) Congress
*Tied as the 2nd best presentation in the Division of Theoretical Physics (DTP)
- 2021 *Superfluid neutron matter with a twist*
58th Winter Nuclear and Particle Physics (Virtual) Conference
* Marked as the 2nd best presentation in Theoretical Physics
- 2021 *Superfluid neutron matter with a twist*
(Virtual) Graduate Seminar Series
University of Guelph, Guelph, ON, Canada
- 2020 *From odd-even staggering to the pairing gap in neutron matter*
2020 Canadian Association of Physicists (Virtual) Congress
- 2020 *From odd-even staggering to the pairing gap in neutron matter*
57th Winter Nuclear and Particle Physics Conference
Banff, AB, Canada
- 2018 *A Superconducting Star*
Graduate Seminar Series
University of Guelph, Guelph, ON, Canada

Conferences & Summer schools attended

- 2026 ML2026 - II Machine Learning Methods for Complex and Quantum Systems, University of Barcelona, Barcelona, Spain
- 2026 NT.ES I - Nuclear Theory in Spain, Universidad Complutense de Madrid, Madrid, Spain
- 2026 CSQCD - Compact Stars in the QCD phase diagram, University of Barcelona, Barcelona, Spain
- 2026 PAINT26 - Workshop on Progress In Ab Initio Nuclear Theory, TRIUMF, Vancouver, British Columbia, Canada
- 2025 SMEFT meets ChEFT, TRIUMF, Vancouver, British Columbia, Canada

2025	Ab initio many-body calculations: where has the pairing gone, ESNT, Saclay, France
2025	PAINT ₂₅ - Workshop on Progress In Ab Initio Nuclear Theory, TRIUMF, Vancouver, British Columbia, Canada
2024	3rd APCTP-TRIUMF joint workshop: From Nuclei to Neutron Stars, PKNU, Busan, South Korea
2024	2024 CeNAM Frontiers, University of Notre Dame, South Bend, Indiana, USA
2024	2024 C.A.P Congress, Western University, London, Ontario, Canada
2024	Theory Canada 16, Western University, London, Ontario, Canada
2024	PAINT ₂₄ - Workshop on Progress In Ab Initio Nuclear Theory, TRIUMF, Vancouver, British Columbia, Canada
2023	2023 C.A.P Congress, University of New Brunswick, Fredericton, New Brunswick, Canada
2023	60 th Winter Nuclear and Particle Physics (Virtual) Conference, Banff, AB, Canada
2022	2022 C.A.P Congress, McMaster University, Hamilton, Ontario, Canada
2021	2021 C.A.P (Virtual) Congress
2021	58 th Winter Nuclear and Particle Physics (Virtual) Conference
2020	2020 C.A.P (Virtual) Congress
2020	57 th Winter Nuclear and Particle Physics Conference, Banff, AB, Canada
2017	The 2017 Onassis Foundation Lectures in Physics: “Quantum physics frontiers explored with cold atoms, molecules and photons”, Heraklion, Greece
2017	The 2017 Petnica Summer Institute summer school on Cosmology, Petnica, Serbia
2016	The 3 rd Xmas Theoretical Physics Workshop, Athens, Greece
